

## 1- Create a Account

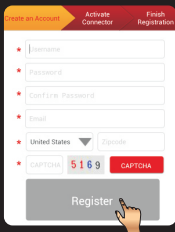

- 1 Tap "LOGIN" on the upper right corner of the main menu screen.

The screenshot shows a 'Login' screen with a red header. It contains two input fields: 'Username' with a person icon and 'Password' with a lock icon. Below these is a red 'Login' button. At the bottom, there are two links: 'Retrieve Password' and 'New Registration'. A hand icon is shown tapping the 'New Registration' link, which is highlighted with a blue oval. A red arrow points to the right next to the 'New Registration' link.

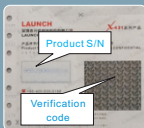

- 2 Tap "New Registration". Input the necessary information and then tap "Register".

The screenshot shows a 'Create an Account' screen with a progress bar at the top divided into three sections: 'Create an Account' (orange), 'Activate Connector' (dark red), and 'Finish Registration' (light red). The form includes several input fields, each with a red star icon: 'Username', 'Password', 'Confirm Password', 'Email', 'United States' (with a dropdown arrow), 'Zipcode', and 'CAPTCHA'. The 'CAPTCHA' field shows the numbers '5169' and a red 'CAPTCHA' button. At the bottom is a large grey 'Register' button. A hand icon is shown tapping the 'Register' button.

## 2- Activate Connector

Input Serial Number and Activation code, which can be obtained from the password envelope. After inputting, tap "Activate".

Create an Account   Activate Connector   Finish Registration

2 Activate

Where is my activation code?

>> Skip

Tap "Activate"

Create an Account   Activate Connector

Congratulations! You have successfully completed your registration. Do you want to download the diagnostic software now?

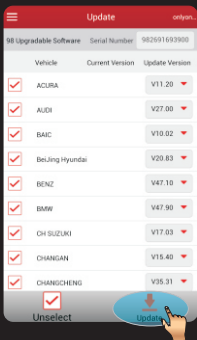

3 Yes No

Tap "Yes" to enter diagnostic software download page.

### 3- Download Software

Select the desired vehicle, and tap “Update” to download.

Note: All software are selected by default. To deselect a certain vehicle software, just uncheck the box.

Once downloading is complete, the software packages will be installed automatically.
